WHAT MARY HAD.

Mary had a Thomas cat;
It warbled like Canoso,
A neighbor swung a baseball bat—
Now Thomas doesn't do so.
—Milwaukee Sentinel.

Mary had a little pug;
'Twas sleek and fat and round,
One day it chewed a Persian rug—
Now puggie's in the pound.

Mary had a little lamb,
A Tom cat and a pug,
But what she fancied most of all
Was just a little bug.

Fine Dairy Cattle

Mason county citizens as a rule do not appreciate what old Mason gives to this big country of ours. Within the past two years Mr. A. L. Glascock of Edgefield Farm has sold from his herd of registered Jerseys dairy cattle to the amount of \$18,000—some business for two years, when you come to think of it.

WANTS GOVERNOR BERTH OR NONE

Lieutenant Governor Cox at Capital Says He Won't Have Party Nomination as Auditor —Finds Friends Are Loyal

Frankfort Dispatch to The Louisville Herald.

Lieutenant Governor William H. Cox is in this city during the absence of Governor Willson from the State, and says he is more confident than ever that he will receive the Republican nomination for Governor. Lieutenant Governor Cox has been making a canvass of the State in the interest of his candidacy and says in every section visited he finds his friends are numerous and loyal.

He says he will not accept the nomination on the Republican ticket for State Auditor. A movement was started in that direction with a view of detracting the interest from the Cox candidacy for the nomination for Governor, but he said today that he was in the race for the nomination as Governor and nothing else, and he wants his friends to know that he is seeking the nomination for Governor and will not have the Auditorial nomination. He said: "Under no consideration will I be the party candidate for Auditor. I am out for Governor and nothing else."

The name "Columbus" on a buggy is equivalent to the word "Sterling" on silver—it's an indication of buggy perfection. The Columbus work is beautifully made and finished, light running and stylish looking, and, above all,

Durable!

Linoleum Durability

The trouble with most Linoleum is that it is made from die cut, color blocks pieced together so that in use the continuous grinding of dirt and the seeping of scrub water into the joints rots and loosens the blocks and starts the ruin of the Linoleum. The Linoleum we handle is not die-cut but moulded in one solid even piece without a crack or joint from end to end. It is made for hard wear and for this greater durability you pay no higher price. 50c and 60c a Square Yard.

TOBACCO SUITS FILED IN FLEMING COUNTY

Plaintiffs Seek to Recover From Buyers Who Did Not Take Crops

At Flemingsburg sixteen suits have been brought against Clay, Kirkpatrick & Dandridge, et al., by tobacco growers of that county.

The plaintiffs all seek to recover the difference between the price at which the agents of the defendants bought tobacco of the plaintiffs in September and the price at which the plaintiffs had to sell the tobacco after the defendants failed and refused to take it.

Two damage suits were also filed by Mrs. Eva Adams and E. V. Adams against the L. and N. Railroad, the first for \$1,950 for the loss of the services of her son, who was a minor at the time he was crippled in the service of the defendant company, while the son sued for \$20,000 damages on his own account.

THE BRINK IS NEAR

FEW MAYSVILLE PEOPLE KNOW HOW NEAR IT IS

Every time you neglect backache, Allow the kidneys to become clogged, Fail to cure urinary disorders, You get nearer the brink of Bright's disease. Doan's Kidney Pills will save you from danger.

Proof of it is Maysville testimony.

Mrs. Della Meane, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, until I was confined to my bed for a week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. There was an almost complete retention of the kidney secretions and my body became bloated. I had about despaired of ever being cured, when I read of a person who had been cured of similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's drug store, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

A NEW HAVEN CHILD

Restored to Health by Vinol—Case Interests Many Parents

"My little daughter ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago I secured a bottle of Vinol and commenced to give it to her. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim, and I want to recommend Vinol to anyone who desires to build up a weakened, run-down system."—J. Edmund Miller, New Haven, Conn. (We guarantee this testimonial to be genuine.)

This child's recovery was due to the combined action of the medicinal elements of the cod liver, aided by the blood making and strength creating properties of tonic iron, which are contained in Vinol, and the strongest evidence that Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated, is our willingness to return the purchase money in every case where it fails to give complete satisfaction. GOING DOWN!

The Dover Oil and Gas Well Reaches Depth of Over 600 Feet—Fine Outlook

The Dover News, speaking of the Ohio Valley Oil and Gas Company's new well on the Penna farm at Dover, says:

From the point where gas was struck the drill continued on down through a very hard white limestone and up to Saturday night at 12 o'clock had reached a depth of 400 feet in all, or nearly 200 to the hard, white rock. The powdered rock taken out of this strata is almost as white as lime.

A noon Wednesday the drill had reached a depth of about 500 feet and was still in the Tremor Limestone rock which has been in place for 200 million years. The drillers are expecting to pass through the strata at any moment. The drill foreman says the rock which is now being drilled is the same as that which lies immediately above one of the best oil fields in Ohio, and that indications are of the most favorable character.

Dread of an Operation

N. Manchester, Ind.—Mrs. Eva Bashore of this place says: "I suffered female misery of every description. Two doctors attended me, and advised an operation. I lost weight until I weighed only ninety pounds. I dreaded an operation, and, instead, began to take Cardui. In a short time I gained 25 pounds, and feel as well as I ever did. Cardui, I am sure, saved my life." Cardui is today used in thousands of homes, where it relieves pain and brings back strength and ambition. It is a woman's medicine, for women's ailments, and you are urged to try it for your troubles. Ask your druggist. He will tell you about Cardui.

Reduce the Cost of Heating

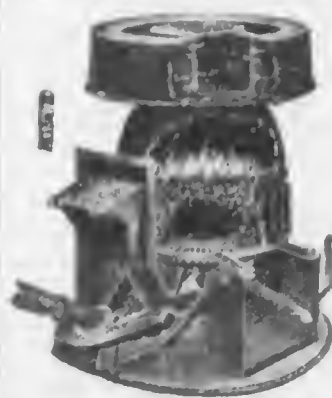

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE TO 25% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. 25% worth of coal will heat the entire house, ten rooms, for the season. The flowers in our living rooms have been blooming continually and look like hot-house plants."

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representatives will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now.
